Good Evening,

We received the second set of test results back from the ALS lab. The Lab results show no detectable PCB levels in the remainder of the admin building and the classroom areas.

Good Morning,

I have included a map of all testing locations that will be taking place next week. Please let me know if you have any questions or concerns about the about the locations.

Good Morning,

I was just able to confirm that next testing dates for air and wipe sample at Sky Valley Education Center. The testing will take place on July 24-26 from 6 am to 4:30 pm daily. I have not completed a map for the testing locations to provide, but will provide that information as soon as it is complete.
